AI-ASSISTED™ PRESENTATION SERIES

Leveraging AI For Business, Wealth and Life

Empowering entrepreneurs and business leaders for long term success

Step into the future with tech visionary Kane Minkus whose AI-Assisted™ Talk Series is helping thousands of business owners discover how AI is reshaping the business landscape, propelling companies to new heights of success, and how they can easily make money out of it.

AI is facilitating business growth, multiplying productivity, creating exciting opportunities, and increasing revenue in ways that were unthinkable just a year ago. Kane demonstrates how you can rapidly take advantage of AI to grow your business or launch new products, seamlessly incorporating these new tools into your business processes.

Kane's approach is to demystify AI to avoid overwhelm and rapidly achieve remarkable marketing and business outcomes.

Kane, a 25-year veteran of Silicon Valley and a leader in ed-tech and media tech, reveals among other, advanced lead generation principles, sophisticated conversion techniques, and how to create an AI-driven marketing campaign with ease and no prior knowledge of AI or technology.

With his track record of launching over 40+ companies and expertise in computer sciences, investments into several AI companies and active development of new AI business tools, Kane is at the forefront of AI evolution.

The AI-Assisted™ Talks help businesspeople understand how they can unlock the full potential of AI, boost creativity and increase productivity, optimize bottom-line profitability, and stay ahead of their competitors.

Join Kane to embrace this transformative technology, revolutionize every aspect of your business, and achieve long-term success while making a positive impact on the world.

Building a world Class Personal Brand

Kane decodes the secrets to building a world class personal brand into a powerful and media driven presentation, detailing the last 3 decades of his brand building activities with celebrities and high-profile influencers and business tycoons.

DESIGN

Kane will show you how to create and design world-class messaging for your Personal Brand.

ASSETS

Create critical assets to share with the world from 7 different asset categories

DISTRIBUTE

Get your brand distributed through eight different key channels to reach your audience globally

MONETIZE

Reap massive returns and create major wealth through your Personal Brand

In this enlightening presentation, not only does Kane unveil the 4 pillars of a top personal brand and the award-winning systems he has developed, but he also delves into the ground-breaking role of AI in the brand building and distribution process. Prepare to be inspired and educated on how AI revolutionizes brand development, leading to massive exposure, enhanced visibility, increased perceived market value, and even celebrity status.

By integrating AI-driven methodologies, based on the internationally acclaimed best-selling book, "Industry Rockstar " Kane demonstrates how entrepreneurs can leverage AI's capabilities to strategically build or pivot their personal brands. The audience will be equipped with actionable steps to immediately implement adjustments in their brand experience, optimizing their presence in the marketplace and propelling them towards greater impact and income.

Through Kane's pioneering insights and the integration of AI technology, entrepreneurs will embark on a transformative journey, leveraging AI as a powerful ally in crafting a brand that resonates with audiences on a global scale.

Become A World Class Speaker

As a performer from 5 years old, Kane has trained and worked with world class teachers, directors, producers and performers on the art of captivating an audience. He has appeared on TV, worked on major motion picture Films, produced and engineered major records, and studied at some of the top schools globally for Performance and the art of group communication. In this presentation Kane discusses the lesser-known traits that can take anyone and help them become perceived as a confident and polished communicator in front of groups.

In this interactive presentation, Kane works with participants in the audience to quickly reveal how transformative his techniques can be when applying them to someone who has the desire to be a more well-respected presenter, or even a professional or regular keynote presenter, trainer or facilitator.

Kane has presented in stadiums regularly of audiences as large as 20K people and explores what it takes to be a poised and graceful presenter whether you are presenting in a room of 20, 200, 2000 or 20000 people.

As an event organizer, Kane has also organized and presented at over 3K events in 32 countries and speaks about what it takes to get booked on stages, create a powerful signature talk and deliver an effective keynote or sales presentation online or offline.

“Increased her average revenue per speaking event from \$5K to \$25K.”

KAREN-BAKER BLUM
Owner Business As Pleasure

“Within the last 2 years of us working together, we’ve created 9 businesses – and all of those businesses are 5,6 & 7 figures”

RICHARD VAN OMMEN
Founder of the Katana Group

7-Figure Consultant

AI: Propelling 7+ Figure Consultant Revenues

Kane's expertise has generated \$300MM in B2B mentoring and advising services. Now, he empowers others to build lucrative B2B advisory businesses.

With AI, Kane reveals a system used by 3M professionals worldwide for digital products, workshops, and 1:1 consulting. Attendees learn a step-by-step process to scale a B2B Experts Empire to 7 figures and beyond.

AI augments strategies, driving growth and success in the digital landscape. Consultants can unlock their full potential, achieving remarkable prosperity in the B2B consulting arena.

“What Kane has put together is world-class. He will help you do the right things, in the right order, at the right time- which will save you tons of time, money- and more than that - heartache!”

John Assaraf
World-leading behavior expert, Founder & CEO of NeuroGym,
and two-time New York best-selling author

Scaling Up

AI-Driven Business Growth: Scaling with Success and Balance

With only 3% of businesses reaching true scale, unlocking the secrets to set your company up for rapid growth is crucial. In his enlightening presentation, Kane not only shares the methodology from his Co-authored book, "Elev8," on scaling a company to 8 figures in revenue, but he also introduces how the latest AI tools are accelerating business growth while maintaining a balanced personal life.

The desire for an 8 or 9 figure exit or an automated company providing an extraordinary lifestyle drives many business owners. However, most get stuck at 6 or 7 figures, lacking the systems and structures for a breakthrough. Moreover, balancing work, family, and life becomes an elusive challenge.

Kane's visionary approach, backed by AI-powered tools, offers a clear road map for success. Having achieved remarkable results multiple times and guided hundreds of private clients to the same, Kane's system becomes a blueprint for retooling businesses. By integrating AI-driven insights, entrepreneurs gain higher valuations, scalability, and a greater balance and fulfillment as founders and leaders.

In this transformative presentation, attendees discover how AI augments business strategies, streamlines processes, and propels growth. Armed with the power of AI and Kane's proven roadmap, entrepreneurs leave empowered to scale their businesses with unprecedented success and achieve a harmonious balance between work and personal life.

"If there is one thing I have learned in my journey as a serial entrepreneur it is that you have to be ready to learn fast from those that are already crushing it. Kane can help you build an 8-figure business."

Roland Frasier

Roland is a serial entrepreneur and has been a trusted advisor to some of the world's largest brands, including Microsoft, FedEx, and Uber.

"Hadn't reached the financial fulfillment we wanted. We were just earning \$39,000 a year, and with Kane's help we earned \$1,500,000 in 3 years."

MAHIMA KLINGE
Founder The Mahima Mindset

EXPERT TALK TOPIC

Super Achiever

Kane, with 30+ years of immersive research, Kane has dedicated his life to exploring the vast realm of human potential and how to push its boundaries uses AI to unveil hidden behavior patterns hindering our true potential.

Born into a family with a patented process for brain development, his unique perspective integrates various human potential maps, Neuroscience, and cutting-edge studies.

In his captivating presentation, Kane combines traditional wisdom with AI's analytical prowess to break limiting thinking patterns. AI and human intelligence synergize, unlocking even greater achievements.

By employing AI-powered tools, he unravels deep-seated self-imposed and unconscious limiting thinking patterns that impede personal growth.

Kane's visionary use of AI fuels personal growth, converging technology with ancient wisdom for limitless potential.

"You absolutely can create an 8-figure business using the Kane's Blueprint, and you couldn't be following a better person. Kane has figured it out, implemented it, and can model it for you."

Bari Baumgardner
Founder and CEO of SAGE Event Management.

Fundraising For Under \$500K

One of the greatest contributions to global business Kane has made is a completely disruptive strategy on how to fundraise for small businesses and startups through a method he created called Incentivization Based Value Swap™. This allows any early-stage business to raise seed capital without having to take on any Debt or give away any Equity.

With fun stories from over 3 decades of helping organizations use his techniques to fundraise and make an impact in the world, this presentation lays out the strategy and the details on how to execute on a successful fundraising round without needing to beg or give away the "farm".
